

Matthew Boland, Ph.D.

Forensic Psychology and Clinical Services in California and Nevada

Contact information provided on request

Education

Licensure

Licensed Clinical Psychologist:
State of California, License #36123
State of Nevada, License #PY0852

University of Nevada, Reno 2016

Reno, NV
Doctor of Philosophy, Clinical Psychology
Dissertation: *The Effects of Emotion Suppression Across Depression and Pathological Worry* (later published as Boland, Papa, Oliver, & del Carlo, 2019)
Clinical Internship: Southwest Consortium, Albuquerque

University of Colorado Denver 2009

Denver, CO
Master of Arts, Clinical Psychology
Thesis: *Bottling It Up: Suppression of Negative Emotion in the Development of Anxiety*

Santa Clara University 2002

Santa Clara, CA
Bachelor of Arts, History
Thesis: *The Origins of Natural Rights Philosophy in Colonial American Culture*

Applicable Experience (recent positions, more information below)

Empirical Experts LLC 09/2019 - present

Reno, NV
Chief Psychologist
Specializing in psychological trauma/PTSD, psychology of

physical/chronic pain and injury, emotional distress and coping, depression/anxiety, and grief and loss. Civil and criminal forensic assessment and expert testimony. Behavioral assessment and consultation. This includes expert witness work in multiple forensic cases and evaluations.

Health Psychology Associates
08/2016 - present

Reno, NV
Lead Associate Psychologist (w/ partnership options)
(Clinical Fellow 08/2016 - 08/2018)
PTSD; Chronic pain and injury specialist; Weight loss
Structured Assessment and Clinical Intervention in psychological and medical settings (e.g., chronic pain and injury clinic; surgical weight loss). Research consultation for original medical research projects.

Matthew Boland, PhD LLC
09/2019 – present

Clinical Psychology Practice
Licensed Psychologist
Practicing empirically-supported treatments for PTSD, coping with medical conditions, anxiety disorders, grief and prolonged grief, major, depression, and other difficulties.

Published Research Scientist

Multiple Publications
Includes 3 first-author publications and other publications in PTSD, stress, and emotional coping; Peer review for scientific research journal publications.

University of San Diego, Department of Psychological Sciences
12/2023 - present

Reno, NV
Lecturing Professor
Courses: Psychological Trauma, Psychopathology, Motivation and Emotion, Evidence-based Psychotherapy

University of Nevada, Reno, Department of Psychology
10/2016 - present

Reno, NV
Instructor and Adjunct Professor
Courses: Psychological Trauma, Psychopathology, Motivation and Emotion, Psychotherapy, Gender

University of Nevada, Reno, School of Medicine
05/2021 - present

Reno, NV
Community Faculty and Clinical Supervisor
Includes didactic lessons and supervision of psychiatry residents in psychotherapy

Scientific Journal Peer Reviewer, American Psychological Association

Scientific peer review for: APA's journal *Psychological Trauma: Theory, Research, Practice, and Policy*; ScienceDirect's journal *Personality and Individual Differences*; ; Elsevier's journal *Thinking*

Skills and Creativity

Healthline.com

Reviewing behavioral health articles for scientific accuracy and advising on website educational efforts

bridge dissemination
05/2019 - present

Educational Websites
Founder and Chief Psychologist, "Dr. Matt B"
Brief, easy-to-understand original articles and videos communicating scientifically-based concepts in mental health meant to provide valuable information to clinicians (bridgepsych.info) and to everyday consumers (mattbphd.com)

**University of California,
San Diego, School of Medicine
Department of Psychiatry**
08/2018 - 08/2019

La Jolla, CA
Postdoctoral Research Fellow
Worked on original research studies in anxiety, PTSD, stress, and emotional coping

**University of Nevada,
Reno, Department of
Psychology**
08/2016 - 08/2018

Reno, NV
Postdoctoral Researcher
Emotion and Adversity Lab

Special Skills

- Expert understanding of psychological trauma and PTSD, emotional distress and emotion regulation, chronic pain and physical injury psychology, anxiety disorders and major depression, and grief, prolonged grief, and loss.
- Forensic assessment, cognitive assessment, behavioral medicine assessment (e.g., preoperative evaluations), personality assessment, and assessment report writing
- Dissemination of complex psychological concepts (in-person and media-based)
- Teaching/instruction, including original course development and implementation
 - Includes experience with development and instruction of courses in psychopathology, treatment methods, emotion and cognition, and gender issues
- Psychological clinical case conceptualization and treatment implementation
 - Specialties include posttraumatic stress disorder, prolonged grief and resilience from grief, anxiety disorders, and depressive disorders
- Psychological research methodology and implementation
- Experience in psychological statistics, psychophysiology, and research design and methodology (including experimental and predictive methods)

- Mentorship, including undergraduate student mentorship in psychological research methods, research publication, and career guidance in psychology
- Classroom instruction and use of classroom course technologies (e.g., Canvas WebCampus)
- Leadership/management, teamwork

Clinical and Forensic Experience

Licensure

Licensed Clinical Psychologist,
 State of California, License #36123
 State of Nevada, License #PY0852

Specialization Summary

Structured assessment including:

- Structured integrated forensic and intake evaluation with personality testing (e.g., PTSD evaluation with PAI or MMPI-2)
- Cognitive screening (e.g., TBI and general memory/attention problems identification; developmental disability)
 - Most include personality testing (e.g., PAI; MMPI-3 or MMPI-2-RF)
- Integrated behavioral assessment for chronic pain and physical injury (i.e., pre-implant and psychosocial intake evaluations)
- Bariatric pre- and post-surgical evaluations

Psychotherapy with general and medical populations

- Cognitive and exposure therapies for PTSD (trained in Prolonged exposure therapy and Cognitive Processing Therapy, CPT)
- Cognitive and cognitive-behavioral therapy
- Exposure therapies for anxieties
- Behavioral activation for depression and prolonged grief
- Positive emotional development and enhancement
- Acceptance and cognitive defusion techniques
- Motivational Interviewing
- These modalities are informed by biopsychosocial, functional analytic, and interpersonal perspectives
- Modalities are chosen using a case formulation approach based on the needs of the individual client
